PERMITTING FOR ABCOURT-BARVUE PROJECT PROGRESSING WELL

Mont-St-Hilaire, Quebec, Canada, May 28, 2008

Mr. Renaud Hinse, president and C.E.O. of Abcourt Mines Inc., is pleased to announce that permitting for the Abcourt-Barvue project is progressing well. So far, the sites selected for the tailings pond and the location of the mill have been approved by the ministère des Ressources Naturelles et de la Faune du Québec and we have received a Certificate of Authorization for the de-watering of the mine, the construction of a water treatment plant and the preparation of a water setting basin from the ministère du Développement durable de l'Environnement et des Parcs du Québec. Also, an application has been made for a mining lease to cover parts of two claims at the west end of the ore body and several small parcels of land needed for our project have been purchased.

In the meantime, the dismantling of equipment in the former <East Malartic> mill is going well.

Abcourt Mines Inc. is an exploration and development company with strategically located properties in Northwestern Quebec, Canada. The Abcourt-Barvue project with 43-101 silver-zinc ore reserves and resources and the Elder mine with 43-101 gold resources are both past producers. Abcourt is now focused on bringing these two projects back in production and at the same time, it is working on other projects (Aldermac, Jonpol and Vendome), to increase its mineral resources inventory. A positive 43-101 feasibility study was recently completed on the Abcourt-Barvue project. In addition, mill equipment has been purchased. For additional information, see our Press Releases dated February 16, 2007, August 9, 2007, February 1st, February 7 and March 12, 2008. To know more about Abcourt, please consult our web site www.abcourt.com and Sedar www.sedar.com, see "Abcourt Mines Inc".

The Abcourt shares are trading on the TSX Venture Stock Exchange under the symbol ABI.V and at Frankfurt and Berlin in Germany.
